

## Magic Runs in Families

**Instructions:** Use the genetic concepts and terms you have learned to find answers and explain your answers to the following three questions.

**Question 1:** Hermione's possible genotypes are MMss or MM'ss. What are possible genotypes of Hermione's parents who are Muggles?

**Question 2:** Harry Potter married Ginny Weasley. Will all of their children have magical ability?

**Question 3:** Could Dudley Dursley potentially have children with magical ability?
